I'm a freshman at the Open University, studying computer science.
Currently working full-time as lead instructor and data systems integrator at John Bryce.
Looking for my first opportunity to learn and be a part of a respected in its field company.

Education

- **B.Sc. in Computer Science** | Open University | 10/2020 – current.
- **Industrial engineering technician** specializing in HR | Etgar college
  2015 – 2018.

Skills

- Knowledge in java and understanding of object oriented programming.

- Familiar with Html, Css, Python.

- Great communications skills, both written and verbal.

- Strong technical skills.

- A meticulous approach to work.

- Familiar with computer hardware and basic problem solving.

Work experience

- **Lead instructor** | John Bryce| Ministry of Health - The Chameleon Electronic Medical Record project
  04/2021 - current.
  The position requires being able to solve hardware and firmware problems on the spot as well as being able to communicate in an understandable and concise manner.

- **Foreman of Automotive Department** |IDF | Officers training academy
  02/2012 - 11/2018.
  Main responsibilities were to oversee and plan a proper working schedule and conditions for both the soldiers and vehicles.
  At least 20 soldiers under my command at any given time.
  Over 100 vehicles under my supervision.
  Honorable discharge at the rank of sergeant first class (Rav samal).
